# Saskatchewan Association of Optometrists Occupational Vision Care Program

## Who Are We?

The Saskatchewan Association of Optometrists (SAO) provides information, programs, and services that promote and enhance Optometry throughout the province. By licensing and regulating the delivery of Optometric care, the SAO promotes excellence in the delivery of eye health services to Saskatchewan residents.

## What Is The Occupational Vision Care (OVC) Program?

The OVC Program is a primary safety eyewear provider to Saskatchewan industry. The SAO OVC is designed to aid Saskatchewan employers protecting the vision of their employees. With a commitment to eye health, the SAO strives to provide safety eyewear to all those in need of eye protection.

## What Are The Benefits Of The Program?

### Cost Effective

The SAO has negotiated pricing on frames and lenses that provide maximum quality at a minimal expense.

### Convenient

With 120 optometrists across Saskatchewan, the SAO OVC Program provides the benefit of combining occupational eye examinations and safety eyewear fittings in a single visit to the optometrist of your choice.

### Approved CSA, ANSI and Third Party Tested Products

Safety lenses, coatings, frames and side shields dispensed by the Saskatchewan optometric offices meet or exceed CSA Z94.1, ANSI Z87.1, and Third Party Testing standards.

### Tailored Company Directive, Contract and Order Forms

A contract tailored to meet your company requests and custom designed authorization/order forms (hard copy or PDF format) for distribution to your employees are provided. Our dispensing optometrists' offices will deliver a complete eye health/vision examination, and assist in selecting contract-compliant safety eyewear assessed for personal fit. Experienced optometrists specializing in occupational vision and eye health are equipped to meet the varied requirements of all business in Saskatchewan.

### Ease of Administration

The SAO office handles all invoicing, and is available to assist you with any vision care questions that may arise while enrolled in the program.
